

Cash

Considered one of the leading convenience store retailers in Indonesia, Indomaret enables in-store cash payments. Users choose it at the online checkout. This generates a unique 16-digit payment code, linking a cash payment to that specific purchase. The user takes this code to a participating Indomaret convenience store. When they pay, their goods are released for shipment.

Specifications

Coverage

Consumer	Indonesia

Why Indomaret?

With more than 20,500 convenience stores listed (Fitch), Indomaret offers a convenient way for consumers to pay for e-commerce goods and services.

48% of Indonesian adults don't have a bank account. Indonesians pay for 14% of transactions, worth approximately USD \$6 billion, in cash (PPRO Almanac).

A quarter of all Indonesian online shoppers buy from overseas merchants. Top buying destinations include China (43%), the USA (10%) and Singapore (9%) (PPRO Almanac).

How it works?
